Gregg,

I wanted to take this time to say thank you for supporting our 2010 Summit meeting. We asked you to discuss the significance of relationships in today's business world and you delivered. Hoar Construction has a simple mission of striving to be the most respected and admired in the construction industry. We know that this will only be achieved through effective relationships. Your message reinforced this.

I am a fan of your energy and enthusiasm. Let me know if I can help you in the future.

My best regards,

Jay
